

HOW TO UPLOAD A TEST FILE FROM NIFAIS TO THE HANDHELD

Step 1. Log into NIFAIS

Step 2. Arrange an itinerary for your TB test

Step 3. Select the test and Select Download XML Test Sheets

Step 4. The xml file will now be present in your downloads folder on your computer

Step 5. Login to TheVetPal portal <https://thevetpal.teamkonnnect.com/>

Step 6. On the home screen, select TB Test File Upload in the purple box

Step 7. Press the circled arrow which will direct you to your downloads folder on your computer. Double click the TB Test File on your computer

Step 8. Once you select the test file, the farmer's details will populate the TB Test Name field. Select Save & Close in the bottom right corner as circled

A notification pop-up will appear stating the file was saved successfully.

Step 9. Press Sync on your handheld and the file will be downloaded to your device

HOW TO UPLOAD COMPLETED TESTS FROM THE HANDHELD TO NIFAIS

Step 1. On your handheld, press TB TEST EXPORT on the main menu. The handheld will start to sync. Once synced successfully, a list of all the farmers will appear. Please press on each farm that you wish to export a completed TB test. A summary pop-up will appear once a farmer is selected. It will ask you to confirm that you wish to export the completed test. If the test is not complete, please do not export the test!

Step 2. Login to TheVetPal portal <https://thevetpal.teamkonnnect.com/>

Step 3. Select Completed TB Test Download File in the pink box

Step 5. Review the Test Details (PVP code, Day 2 Test Date, Reactor and Inconclusive)

Step 6. Select the box to the left hand side of the test file and press the File button on the right hand side as circled below

Former Full Name	Address	Hard File	Modified On	Test Type	Day 2 Test Date	PVP Code	Completed TB Test XML File	Decrypted File	Test Signed Off	Total Tested	Reactor	Inconclusive
